

Empowered by AI

ioi Accounting Expert

My accounting firm, powered by professional accounting software:

Manage **hundreds of client** files with professional accounting tools and responsive dashboards. Enjoy easy bookkeeping, clear financial reporting, **VAT** returns, and electronic filing of annual accounts. Comprehensive financial analysis is included.

This package also gives you access to the **PEPPOL** platform, allowing you to receive all your clients' invoices digitally.

Record your teams' working hours and issue digital invoices for your services via **PEPPOL**. **All of this is included in the Expert Accounting package.**

My benefits:

Wherever you are, Silicon ioi is always by your side on your smartphone, tablet, or laptop. Attach documents (emails, photos, or PDFs) at any time and send emails directly from the application.

A 7-day backup is included, and the service is available 24/7.

A wide range of practical options:

Bank connectivity (banking and payments), document scanning and **OCR**, fixed asset management, budget management, and cost accounting.

Stand out from your competitors by showcasing your expertise: create customized analyses for your clients and include them as part of your services.

The **cloud** tools you use today are no longer necessary, **it's all built in!**

Silicon ioi is also available as a complete **ERP**, including sales management, project management, **CRM**, and more.

For €8/month, your clients can use the invoicing module and send invoices via **PEPPOL**.
