ioi ERP for SME

Choose the package that fits your business:

Are you an SME? We specialize in SME management. Helping you run your business is our business.

- ▶ Whether you need to manage your sales, inventory, and purchasing, we've got you covered.
- ▶ Need to manage technical projects and teams? That's one of our specialties.
- ▶ Managing production runs and assembly lines? That's where our expertise comes in.

We offer **professional software built for professionals**, with a fast and easy implementation. Our experts work closely with you, and with us, you'll never be just another company among millions.

We're here to listen. What matters most is helping you work more efficiently.

My benefits:

Wherever you are, Silicon ioi is always by your side on your smartphone, tablet, or laptop. You can attach documents (emails, photos, or PDFs) at any time and send emails directly from the application.

A 7-day backup is included, and the service is available 24/7.

Grow your business faster:

A **wide range** of ready-to-use features designed to help your business grow.

Examples include batch management, warehouse location management, barcode scanning, automatic planning, multi-site management, and point of sale (POS).
